

August 2021

To users of the Automobile Type Approval Handbook for Japanese Certification (Blue Book) Web Service:

Re: Plan to abolish *hanko* seals and digitalize documents

This letter is to inform you that JASIC has been working to digitalize invoices, etc., in line with administrative reforms by the national government to improve operational efficiency.

Hence, from now on, we plan to issue invoices in PDF format without the *hanko* seal and send them to you as email attachments.

If you need an invoice printed or stamped with the *hanko* seal in the conventional way, please contact us.

Thank you for your understanding.

Sincerely,

Takahiro Omori
Director General
Japan Automobile Standards Internationalization Center
Japan Automobile Transport Technology Association

Until now
(with hanko seals)
